

ALBAR KAMES TROPHY RALLY 2007

Crew & Car info for commentary at Kames

We'd appreciate if you could give us some background info on your crew and car .The commentary is for the benefit of the spectators - they pay to see the " show" and it helps offset running costs and lets us reinvest in Kames. The Rally has been promoted by previews in newspapers in a 20 mile radius. We expect 400 -500 spectators on site at Kames & will be having a running commentary while the cars are on-stage, plus interim stage results as they are available.

The commentator's knowledge of crews currently rallying may be limited so if you give us some info to work with it's easier to for him. We'd appreciate if it's honest & not the result of a warped sense of humour!
